

# CMS Distribution Credit Maximiser

Explore this simple way to maximise both your credit limit and sales growth

Financial solutions are critical to commercial success. Our **Credit Maximiser** will offer you the best credit-line and financial solution possible, for a profitable and sustainable future.

## How does it work?

It's pretty simple. CMS Credit Maximiser is designed to enable you to grow your credit limit month by month. We will provide a minimum credit facility of £5,000 to start you off.

Providing payments are received to term, we will add an additional 25% to the credit-line each month thereby enabling you to quickly increase your credit-line to a maximum level of £100,000.

This scheme is a simple and effective financial solution, offering you the chance to build a solid trade history month by month with CMS.

**Don't forget to place regular monthly orders with us to fully benefit from this scheme as elements of the credit-line assigned will be lost if you don't order regularly.**

## Example

Month	Credit Limit
1	£5,000
2	£6,250
3	£7,800
6	£15,000
12	£58,000

### \*Terms and conditions apply

- Starting credit of £5,000 may vary, depending upon financial data available.
- CMS Credit Maximiser is applicable to clients in UK, Ireland and The Netherlands. For all other countries, please contact your Account Manager for eligibility.
- Terms are 30 days from date of invoice.
- If credit-line limit is not used on a regular basis CMS Credit Maximiser benefits can be reduced.

## What are the benefits?

CMS Credit Maximiser will enable you to increase your credit-line quickly to a maximum of £100,000. As your credit-line increases, not only will you benefit by gaining access to the full CMS portfolio of products and services, but you will be able to consolidate purchasing through one supplier and purchase a wider range of stock. You can focus on your sales revenue growth strategy, without concerns about your credit.

To take full advantage of the credit-line facilities, you will need to place regular monthly orders.
